

Bayswater Furniture Knob

Polished Nickel 12334

Bayswater is our really simple, sturdy knob that's pleasingly smooth to the touch and suits both classic and contemporary furniture and cabinetry.

Use this version for smaller cupboard doors and drawers, or on designs where you want a more discreet look.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.
