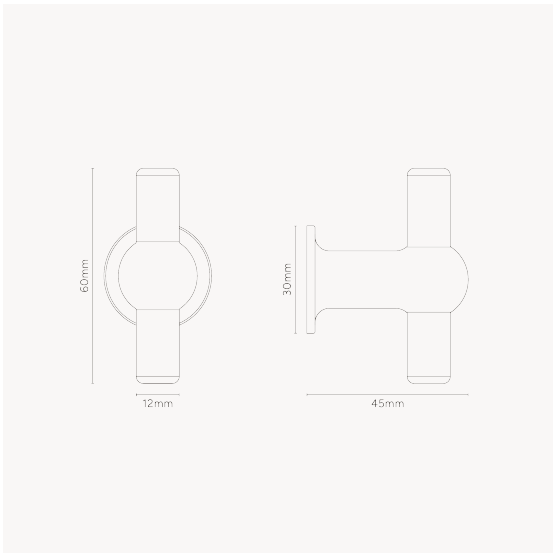
CORSTON
ARCHITECTURAL DETAIL



Harper T-Bar Cabinet Handle Medium

Bronze 16055

Our Harper T-bar handle is versatile but especially suited to more modern, minimal interiors.

It's bigger than our furniture knobs, so it's ideal for built-in doors – though you can, of course, use it on a slightly smaller cabinet to create a statement.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matte brown color that's almost black in some lights.

- Made from solid brass
- Ideal for enhancing new or updating old cabinetry
- Can be mounted horizontally or vertically

Screws supplied : **M4 snap-off screws**

Material: **Solid brass**
