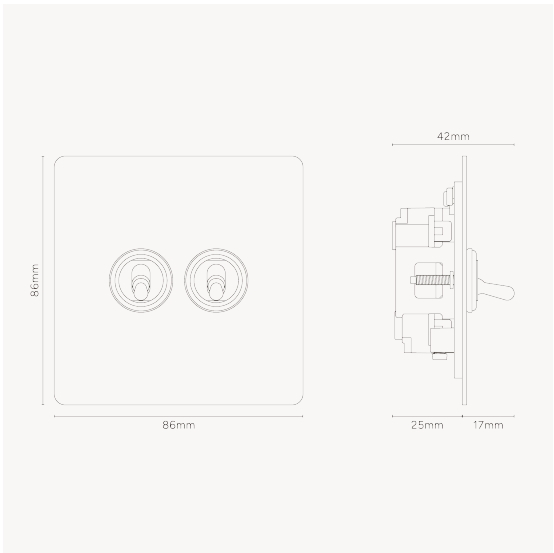
ARCHITECTURAL DETAIL



2G Retractive Toggle Switch

Polished Nickel 16194X

This Polished Nickel 2 Gang Retractive Toggle Switch has an eye-catching finish that will sit comfortably in both modern and traditional homes.

Warmer than brushed chrome and infinitely more sophisticated, this Polished Nickel toggle light switch is electroplated onto solid brass. Beautifully designed guaranteed to improve all restorations.

 • Corston toggle switches not only add character but also produce a satisfying click
 • Forget trends, this premium toggle switch boasts timeless appeal
 • Screwless design with a modern, minimalist faceplate
 • We recommend a 35-47mm deep back box. Corston back box is available here
