

CORSTON

ARCHITECTURAL DETAIL

Single 2x Keystone Switch Plate EU

Clear Black 33275

Using our components, you can create any combination of sockets that you need.

This Clear plate works with any two of our black 20mm keystone modules, except our USB-C socket (these are bulkier behind so need to sit on their own – give our double 2x keystone plate a try).

- Made from polycarbonate, which is more flexible and durable than the usual acrylic
- Ultra-slim 2mm, flush-fit plate
