ARCHITECTURAL DETAIL

## Bipasso Power Module

Black 35399

Using our components, you can create any combination of switches or sockets that you need.

This 2x Bipasso socket works with our Kew and Grove 45mm module plates.

Use it to power household appliances like lamps, TVs and computers, coffee machines and washing machines.

- Compatible with Kew and Grove 45mm module plates
- Two modules per 45mm aperture
- Made from low-sheen black plastic with a slightly textured finish

- Fits 45mm Corston EU switch plates
- 10A-250V
- Screwed terminals
- Two modules per 45mm aperture
- Must be used with Corston EU plates and back boxes
