Poplar Short Plate Unsprung Door Knob

Polished Nickel 12038

Our Poplar design is our take on the classic Victorian beehive knob.

We've streamlined things, giving it a flatter knob and, in this case, a low-profile, short backplate. It'll work well in period properties with a contemporary edge, or by bringing a traditional touch to new builds.

The knob is unsprung, which means you can use it with an existing sprung latch. To make sure it stays easy to turn, we'd recommend using a lightly sprung latch.

There's also no danger of it coming away in your hand – we've engineered the backplate and knob to be inseparable.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

CORSTON

ARCHITECTURAL DETAIL

- Made from solid brass
- 4mm backplate with screwless 'front' side
- Super smooth turn thanks to self-lubricating, high-tolerance bushings
 - Longer handle neck for a comfortable grip
 - Designed for use with a tubular latch
- Engineered to fit all standard door thicknesses
 - Suitable for interior and exterior doors
 - Sold in a pair

Suitability : **Interior doors**

Min. thickness : **35mm**

Max. thickness: **50mm**

Spindle size : **8mm x 8mm**

Mechanism : **None**
