ARCHITECTURAL DETAIL

Harper Short Plate Unsprung Door Handle

Bronze 14614

Simple and bold but well-proportioned, Harper is a modern door handle that also wouldn't be out of place with more traditional architecture.

We've added a low-profile, short backplate to this version.

The handle is unsprung, which means you can use it with an existing sprung latch. We'd always recommend using our unsprung lever handles with strongly sprung latches to stop sagging over time.

There's also no danger of it coming away in your hand – we've engineered the backplate and lever to be inseparable.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Made from solid brass
- 4mm backplate with screwless 'front' side
- Super smooth turn thanks to self-lubricating, high-tolerance bushings
- Designed for use with a tubular latch
- Engineered to fit all standard door thicknesses
- Suitable for interior and exterior doors
- Sold in a pair

Suitability : **Interior doors**

Min. thickness : **35mm**

Max. thickness: **50mm**

Spindle size : **8mm x 8mm**

Mechanism : **None**
