## Apsley Short Plate Unsprung Door Handle

Antique Brass 13759

The tapered lever handle on our Apsley design is sleek and simple, while the low-profile, short backplate gives it a bold, contemporary edge.

The handle is unsprung, which means you can use it with an existing sprung latch. We'd always recommend using our unsprung lever handles with strongly sprung latches to stop sagging over time.

There's also no danger of it coming away in your hand – we've engineered the backplate and lever to be inseparable.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Made from solid brass
- 4mm backplate with screwless 'front' side
- Super smooth turn thanks to self-lubricating, high-tolerance bushings
- Designed for use with a tubular latch
- Engineered to fit all standard door thicknesses
- Suitable for interior and exterior doors
- Sold in a pair

Suitability : **Interior doors**

Min. thickness : **35mm**

Max. thickness: **50mm**

Spindle size : **8mm x 8mm**

Mechanism : **None**
