Brookfield Medium Pendant Light Fluted Glass – Antique Brass

56039

Our Brookfield pendant has an elegantly curved, three-tiered shade, and a solid brass bulb holder. It'll make a subtle statement without outshining other design features in your space.

The fluted glass allows for 360-degree diffused light.

Antique brass is what's called a "living" finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by aging it by hand, so it has that antique look right out the box.

- Minimal solid brass ceiling rosette with no visible screws
- Mounting plate with knockouts and slot system for easy installation
- Use with an E26 LED bulb
- 59 inches of braided, adjustable cable
